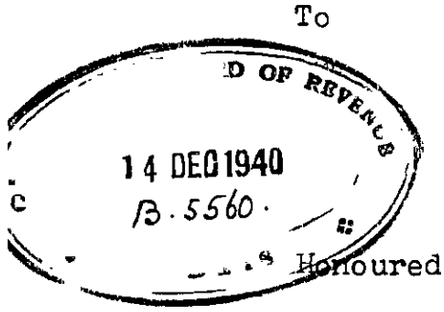
Assignment- ud (S.Kanara.) - Coondapur T.
Kotawar and other Vgs compact block - for
wide B.S.O 191 - Sri A Muddanna Shetty
Sanctioned G.O. Communicated

From

A. Muddanna Shetty,
Proprietor,
The Kanara Nursery Research Gardens,
Kaup.
Udipi Taluk,
(South Kanara District)

To



E. M. Gawne Esquire, I.C.S.,
Member,
Board of Revenue,
Madras.

Honoured Sir,

May I take the liberty of bringing to your Honour's kind notice the following grievances of mine:-

2. Your Honour may well remember that I am a pioneer Nursery man and a fruit culturist of S.Kanara. When you were the Collector of S.Kanara, you duly encouraged my work giving Government lands on Cowle for fruit garden and besides you helped me in marketting my fruits by getting concessions from the bus companies, as the President of District Advancement Association, which act of kindness I cannot forget in my life.

3 On 22-11-1933 when your Honour was the Collector of S.Kanara, I applied for about 200 acres of land at Kalavar and other neighbouring villages of Coondapur Taluk. A few days later Mr. K. L. Karanth B.A.,L.T., also applied for a big plot near the plot I applied for. Your honour held a local inspection of the plots We applied for and gave orders that Mr.K.L. Karanth would be given about 140 acres of land free of Seigniorage and free of assessment for a period of 10 years and that I would be given only 50 acres land free of Seigniorage and free of assessment for a period of 10 years with a promise to give more lands if I would

plant the whole area with good plants, doubting that I might not be able to cultivate a big area, as I live in Kaup which is far away from Kalavar. My Kaup garden being a small one, I wanted to concentrate my work in Kalavar only. So I built a fairly big tiled house in the New Cowle lands in Kalavar and kept my nephew there and finished the work of planting within a year and used to go there twice every month.

4 Again on 29-10-35, I applied for the promised lands in Collector's proceedings dated 17-5-1934. The Collector visited Cowle lands given in the previous year and was satisfied with my work and promised me to give the rest of the lands I applied for in my first petition dated 22-11-1933, free of seigniorage and free of assessment for a period of 10 years as before. Accordingly about 140 acres of land were measured and demarcated for Darkhast.

5 Just before Your Honour's departure from our district, I approached you in Moodabidri Traveller Bungalow and requested you to give a final order as regards my Cowle. Your honour promised to do the needful. But unfortunately the connected records were sent to Coondapur for some enquiry. So I presume Your Honour was unable to do anything in this matter.

6. Afterwards your successor Khan Bahadur Mahammad Humayun Saheb Bahadur B.A.,objected to give 5 sub-divisions out of the plot proposed by the Tahasildar saying that those lands come under the plots reserved for the depressed classes, although

there are plenty of waste lands available for the use of the depressed class people in those parts and also ordered that full Seigniorage fee should be collected from me.

7. I approached the Collector and requested him personally to visit the plot in question and see the conditions of the scrub jungle and waive the Seigniorage as in previous case. But the learned Collector did not inspect the plot and also did not waive the Seigniorage, although the Tahasildar recommended to waive the Seigniorage. As a matter of fact the cost of removing and uprooting the scrub jungle for garden purpose, will be twice as much as the worth of the fuel we get.

8 Considering all these facts Your Honour was pleased to waive the Seigniorage in my previous case and Mr. Karanth's.

9 I was ordered by your successor to give the Seigniorage fee. So I paid a fee of Rs.170/- as seigniorage.

10 Sometime after on 23-2-1938, the then Collector gave me a notice that the Government have directed that the assignments of lands more than 5 acres should not be proceeded until further orders. So the Collector is unable to consider my request and so I should not approach the Collector in the matter until the Government have raised the ban on large areas.

11 Afterwards I did not get any orders. In December 1939 fearing that I would frfeit my Seigniorage amount on account of time bar, I applied to the Collector to refund my seigniorage amount, if the plot could not be given. I got the seigniorage amount back. I have

paid Rs.16/- for demarcating stones which were put in the plot applied for, which however I did not get back.

12 Now I approach your Honour requesting to help me in getting the whole plot, once proposed by the Tahasildar according to your Honour's orders as the Collector, on the same conditions, as you would have given me, if you had not doubted my ability in planting a big area when you gave me 50 acres in the first instance. I have full confidence that if Your Honour make up your mind to help me, I will succeed in my attempt. The Sapota plants in the 50 acres given by your honour in the first instance are coming up very well and I am sure to get a good income within a few years. Now I have no scope for further extension. I am thinking of growing Sapota trees in large scale to supply fruits to Mysore and the coastal districts.

13 I am also growing pine-apples in large scale as catch crop in the midst of Sapota trees and in the near future I want to start canning industry specially of pine-apple. I have got all the facilities as a Nursery man to make a big garden, if I get large areas and I can give work for some more poor people.

Hoping your honour will kindly help me in this matter,

I remain,
Honoured Sir,
Your most obedient servant,

K. Meddamma Shetty

SPARE COPIES_____

Assignment - land (South Kanara District) - Coondapoor Taluk - Korgi, Kalavar and Asodu villages - petition from Sri K. Muddanna Shetty - Report submitted.

Ref Board's reference No.B-3560-40-I dated 3-1-41.

An extent of 57.08 acres of lands in Japthi village of Coondapoor Taluk was granted to the petitioner under the rules for private tope cowle under B.S.C.No.19 in this office order R.Dis. 6376-33 dated 22-11-34 and Ref.No. 4908-38-A6 dated 6-10-36. While assigning the lands under cowle rules in R.Dis. 6376-33, the petitioner was promised that more lands would be given to him if he made an earnest effort at planting the extent already assigned. The petitioner then applied for more lands. The Collector (Mr. Game) after inspecting the lands already granted ordered that there was no objection to the grant of additional lands. The Tahsildar accordingly submitted proposals for the assignment of 137.33 acres in all in Kalavar and other villages of Coondapoor Taluk. This extent included 22.61 acres reserved for the Depressed classes. The Collector, (Khan Bahadur M.Humayun Saheb Bahadur) refused to assign the lands already reserved for Depressed classes and restricted the assignment to the following lands in Korgi, Asodu and Kalavar villages.

		A.C.
Korgi	age S.No.178	5.60
	179	6.32
		11.92

Asodu village - S.No.	45	
do.	58	6.15
		24.08
Kalavar village S.No.	157	50.32
do.	158	17.80
do.	240	5.40
do.	241	5.10
		78.62
Total extent ...		114.62

It was found that a sum of Rs. 170-9-4 was due on account of seigriorage on the tree growth existing on the plots. This amount was collected but subsequently refunded to the petitioner in this office order L.Dis. 8572-39 dated 27-2-40 as at that time the assignment had to be rejected on account of the ban on such assignments imposed under B.P. Routine 5040, dated 28-10-37. Though the petitioner had agreed to abide by the conditions of the cowle rules the question involved was whether the plots could be assigned in view of the instructions issued in B.P.Rt. 5040 dated 28-10-37 restricting the assignments under P.S.O.15. In this office L.Dis.5961-37 dated 23-9-38, the petitioner was told that there was no possibility of considering his request for the grant of lands desired by him until the Government raised the ban on large assignments as the land applied for exceeded 100 acres. (The petition from Sri A. Muddanna Shetty received as an enclosure to the Board's reference mentioned above is submitted herewith)

For Collector.

From

K. Muddanna Shetty,
Proprietor, The Canara Nursery,
K A U P, S. K.

Honoured Sir,-

Hoping to be excused for the liberty I have taken in writin this letter, I pen the following few lines.-

When your Honour came over to Mangalore last time, I presen a petition stating my grievances in connection with my cowle --- darkast in Coondapoor Taluk. I hear that the petition was re-- ferred to the District Collector for remarks and that he has re- turned the same to the Board of Revenue with remarks.

I wished to go over to Madras and represent to your Honour person the above facts. But realise, as I do, that your Honour will be busy immensely these days and fearing if your honour wil be available at all in Madras, I dropped the idea and thought of writing this letter just to remind your Honour about my petition which was so kindly accepted by your Honour and action taken. I need hardly submit that my case is a difficult one. I think, too, that a special permission is required from the Government and with your honour's kind help only it is possible to get it. When your Honour was the Collector of the District your Honour helped and encouraged me in more ways than one which act of kind- ness, I can never forget. I hope your Honour will extend help in this matter too, and rescue me from the predicament I am in. Since I definitely know that I cannot succeed in the present cas without your Honour's generous support, I once again appeal to your Honour's help and humbly beg to be excused forthe liberty have taken in thus addressing your Honour.

I remain, Honoured Sir,
Your faithful & obedient servant

K. Muddanna Shetty

S

Please see

Enclosed - Can we help at all. This man is a genuine enthusiast - cultivating, sapotas, pineapples, cashews and is the 3rd man who is wanting encouraging. The area he is after is rather inaccessible, so far as I remember, 12 miles or so due East of Coondapur. But my memory is a bit rayne now

24/3

The Collr's report has been received & examined. Proposals are being called for, for the grant of a concession under B.S.O 19—1. The sanction of Govt is necessary but there should be no difficulty in this case. 24.3.45. M.3

Thanks. I am
quite ready to speak on
his behalf at any time.

South Kanara Collector's Office,
Mangalore, dated 8- 7- 1941.

From

M. V. Subrahmanyan, Esq., I.C.S.,
Collector of South Kanara.

To

The Secretary,
Board of Revenue,
Land Revenue and Irrigation,
Madras.

Sir,

Assignment - land (South Kanara)- Coondapoor taluk - Korgi, Kalavar and Asodu villages - Petition from Sri K. Muddanna Shetty - proposals - submitted.

Refce:- Board's Ref.B.5560/40-2 dated 25.3.41.

*****

The lands in the villages of Korgi, Kalavar and Asodu villages applied for on cowle by Sri K. Muddanna Shetty form portion of a compact block of over 100 acres in extent in each village. They have not been cultivated hitherto and have been lying waste for over 10 years.

2. A revised tree-valuation statement in respec of the tree-growth actually existing on the plots now is -- submitted herewith. The valuation has undergone a slight change owing to the removal of a few trees which died in the interval by the villagers for bona-fide domestic purposes. The proposed assignee has consented to pay the seigniorage value, which is estimated at Rs.159-10-1. The plots do not contain any sandalwood trees.

3. The plots in question are pure Government Assessed Waste land as they do not fall within kumki limits.

4. The proposed assignee has consented to abid by all the conditions laid down in the draft form of cowle which is submitted herewith along with eye-sketches, sub-

division records and adangal extracts in duplicate for the Board's approval.

5. A rain water channel 6 links wide in S.No.58 of Asodu village may be reserved while ordering the assignment.

For Collector.

11.7.44

11.7.44

Terms of the cowle.

(1) That the land hereunder detailed shall be free of ---- assessment for 10 years from the date of this cowle if the respective areas are planted with fruit trees mentioned above and that patlas shall be levied from the date of grant thereof for the land so used for cultivation

(2) That not less than 1/5 of the land set apart for growin the different fruit trees be cleared and planted in each year so that from the date of at the end of 5 years the whole extent shall be fully planted up. If after 5 years the trees are growing well, but not yielding frui it will be considered then whether an extension of time the cowle is necessary. In the ordinary course the land will be fully assessed after the expiration of the period mentioned above.

Note: By fully planted it has to be understood that th land should contain 30 mango trees per acre, 50 sapotas & 50 ~~and 100~~ cashew as per acre when the trees are full grown. If the land is not fully planted the Government reserve the option to resume any portion of or the entire extent of the land granted on cowle.

3. That the mango trees shall not be less than 30 trees per acre when they are full grown planted at 35 to 45 feet apart and 50 ~~100~~ cashew and 50 sapota trees per acre shall be planted more or less at a uniform distance from each other. shall

4. That the grantee till the end of the cowle shall replant those portions of the land on which the trees have withered or have fallen so as to maintain the standard growth of 30 mango trees, 50 sapota and 50 ~~100~~ cashew trees per acre.

5. If the land is found not suitable for mangoes and cashews the grantee shall be at liberty to relinquish a compact block not less than 5 acres within the 5 years given for planting. But such a block must have access from without. At the end of 5 years, the question whether the land is fully planted will be considered excluding the block relinquished as unsuitable.

6. That the grantee shall abide by the rules which are now in force or which may hereafter be prescribed by the Board of Revenue in regard to private topes.

7. That if any of the conditions detailed above are not fulfilled or are violated, the grant shall be liable to be resumed. If the grant is resumed, the Collector will be free at his discretion

either to re-enter and take possession of the land from the grantee or to impose full assessment on the entire extent of the land in the hands of the grantee from the date of the default.

8. That alienation of the land or any portion of it without the sanction of Government to a person other than a British subject or subject of an Indian State shall invalidate the grant.

9. That the existing and customary rights of Government and the public in roads and paths and rivers, streams and channels running through or bounding the land are reserved and are in no way affected by the grant and that the Government reserve to themselves the full rights to mines and quarries subjacent to the land and that they also reserve to themselves or to persons authorised by them the powers necessary for the proper working of the minerals such as the full and free liberty and right of ingress and egress and regress etc. as detailed in Part II of the model form of the mining lease in Appendix IX Chapter VIII of the Madras Mining Manual subject to the payment or rendering of compensation to the surface owners for all damages that he may sustain by the exercise of such rights.

10. That in the event of the cancellation of the grant or in the event of resumption of the land under condition 7 above, the grantee shall not be entitled to any compensation for any trees planted or for any improvements that he may have made to the land.

11. That the Government reserve to themselves the right to all sandalwood trees and their branches and roots which exist at the time of assignment as well as those which may grow subsequently on the lands granted and the Government shall be at liberty to cut or dig out any such trees or their roots and branches and remove them from the land in question and dispose of them at their pleasure. The cowledar shall not be entitled to cut or remove them or cause them to be cut or removed without the permission of the Collector of the District.

12. That the cowledar shall take all reasonable measures to the satisfaction of the Collector of the District for the protection of th sandalwood trees from theft or damage and for the careful protection of the immature trees growing on the land.

13. That the cowledar shall take steps to see that the marks made

by the Officers of the Government on the sandalwood trees are preserved and are not tampered with.

14. That in the event of the infringement of or failure to observe any of the conditions 11 to 13 both inclusive, mentioned above, the cowledar shall pay to the Government such compensation as is determined by the Collector of the District for any loss or damage caused by such infringement or failure on his part. The Government shall also be at liberty to cancel the grant and re-enter on the land and the whole land shall thereupon vest absolutely in the Government. In that case, the cowledar shall not be entitled to any compensation whatever.

Refce ~~Order~~ Resolution ~~Ms.~~ Rout. No. B. 5560/40-3, dated 11-8-41 19____

From Collr (seen & order) to M2 dt 11/8/41.

Pp 17 cf

On 1934 and 1936, the Collr of S. Kanara granted an extent of 57.08 acres of land in Japthi Vge of Coondapoor Tk ~~in favour of~~ to one A. Huddanna Shetty under B.S.O No. 19-1. While ~~assigning~~ granting the lands in 1936 the petr was ~~promised~~ told that he would be given more lands ~~would be given~~ to him if he made an earnest effort at planting the extent already granted. The petr then applied for more lands. The Collr (Mr. Gawne) after inspecting the land already granted, ordered that there was no Objection to the grant of additional lands. The Taly

accordingly submitted proposals for the ~~assignment~~ grant of 137.33 acres in all in Kalavad, Koreji and Coondapoor TK - AS Aroduvges ½ this extent included 22.61 acres reserved for the members of the 'eligible' classes. The then Collr (Mr. Humayun) refused to ~~assign~~ grant the lands already reserved for the members of the "eligible" classes and restricted the ~~assignment~~ grant to 114.62 acres. ~~accordingly~~ final orders were, however, not passed on account of the ban on assignment of lands ~~this meaning~~ 5 acres or more. prcf.

2. The pets has now approached the Bd for the grant of the lands. ~~available to start a canning industry~~. The Collr reports that the lands applied for by the pets form portion of a compact block of over 100 acres in extent, that they have not been cultivated hitherto and that they ~~were~~ have been lying waste for over 10 years. He also states that they are ~~given~~ assessed waste lands not falling within Kumaki limits and that M.I.U. i/c pris. cf

the petr has consented to pay the seigniorage value of the trees standing on the land estimated at Rs 159-10-1. He has submitted proposals for the grant of 114-62 acres of land on cowle in favour of the petr for planting fruit tree

P/22 & 23

3. The lands are not value The Bd requests that the Govt ma be pleased to sanction the grant of 114.62 acres under B.S.(19-1. in favour of the petr subj to the conditions stipulated in t draft cowle enclosed. (+)

9-8-41.

Terms of the Cowle.

(1) That the land hereunder detailed shall be free of assessment for 10 years from the date of this cowle if the respective areas are planted with fruit trees viz., mango, sapota and cashew. The land will be fully assessed after the expiration of the period mentioned above.

(2) That not less than 1/5 of the land set apart for growing the different fruit trees be cleared and planted in each year from the date of this grant, so that at the end of 5 years the whole extent shall be fully planted up.

Note:- By fully planted it has to be understood that the land should contain 30 mango trees per acre, 50 sapotas and 50 cashew trees per acre when the trees are full grown. If the land is not fully planted, the Govt reserve the option to resume any portion of or the entire extent of the land granted on cowle.

(3) That the mango trees shall not be less than 30 trees per acre when they are full grown planted at 35 to 45 feet apart and 50 cashew and 50 sapota trees per acre shall be planted more or less at a uniform distance from each other.

(4) That the grantee shall replant those portions of the land on which the trees have withered or have fallen so as to maintain the standard growth ~~ax~~ of 30 mango trees, 50 sapota and 50 cashew trees per acre.

(5) If the land is found not suitable for mangoes and cashews, the grantee shall be at libert, to relinquish a compact block not less than 5 acres within the 5 years given for planting. But such a block must have access from without. At the end of 5 years, the question whether the land is fully planted will be considered excluding the block relinquished as unsuitable.

(6) That the grantee shall abide by the rules which are now in force or which may hereafter be prescribed by the Bd of Rev in regard to private topes.

(7) That the grantee shall not interfere in any way with the rain water channel in S.No.58 of Adodu village.

(8) That if any of the conditions ~~af~~ detailed above are not fulfilled or are violated, the grant shall be liable to be resumed. If

If the grant is resumed, the Collector will be free at his discr either to re-enter and take possession of the land from the grant or to impose full assessment on the entire extent of the land in the hands of the grantee from the date of the default.

(9) That ~~The~~ alienation of the land or any portion of it without the sanction of Govt to a person other than a British subject or subject of an Indian State shall invalidate the grant.

(10) That the existing and customary rights of Govt and the public in roads and paths and rivers, streams and channels running through or bounding the land are reserved and are in no way affected by the grant and that the Govt reserve to themselves the full rights to mines and quarries subjacent to the land and that they also reserve to themselves or to persons authorised by them the powers necessary for the proper working of the minerals such as the full and free liberty and right of ingress and egress and regress etc- as detailed in part II of the model form of the mining ~~xxx~~ lease in appendix IX Chapter VIII of the Madras Mining Manual subject to the payment or rendering of compensation to the surface owners for all damages that he may sustain ~~xxx~~ by the exercise of such rights.

(11) That in the event of resumption of the land under condition (8) abc the grantee shall not be entitled to any compensation for any trees planted or for any improvements that he may have made to the land.

(12) That the Govt reserve to themselves the right to all sandalwood trees and their branches and roots which exist at the time of grant ~~assign~~ ment as well as those which may grow subsequently on the lands granted and the Govt shall be at liberty to cut or dig out any such trees or their roots and branches and remove them from the land in question and dispose of them at their pleasure. The cowledar shall not be entitled to cut or remove them or cause them to be cut or removed without the permission of the Collr of the district.

(13) That the cowledar shall take all reasonable measures to the satisfaction of the Collr of the district for the protection of the sandalwood trees from theft or damage and for the careful protection of the immature trees growing on the land.

(14) That the cowledar shall take steps to see that the marks made by the officers of the Govt on the sandalwood trees are preserved and are not tampered with.

(15) That in the event of the infringement of or failure to observe any of the conditions ~~(11)~~ (12) to ~~(13)~~ (14) both inclusive, mentioned a ove, the cowledar shall pay to the Govt such compensation as is determined by the Collr of the District for any loss or damage caused by such infringement or failure on his part. The Govt shall also be at liberty to cancel the grant and re-enter on the land and the whole land shall thereupon vest absolutely in the Govt. In that case, the cowledar shall not be entitled to any compensation whatever.

Abstract.

Cowles - (South Kanara) - Coondapur taluk - Kalavar and other villages - Compact block - Grant under Board's Standing Order 19-1 - Sri A. Muddanna Shetty - Ban on assignment - Relaxed.

Revenue Department.

G.O. Ms. No. 2574, dated 11th November 1941.

Read the following:--

From the Board of Revenue, Reference B. No. 5560/40-3, dated 11th August 1941.

From the Board of Revenue, Reference B. No. 5560/40-5, dated 26th September 1941.

Order:--

In the circumstances reported, the Government are pleased to relax the ban on the assignment of compact blocks so as to permit of the grant on cowle under paragraph 1 of Board's Standing Order 19 to Sri A. Muddanna Shetty of the extent of 114.62 acres of land in Kalavar, Korgi and Asodu villages in Coondapur taluk, South Kanara district applied for by him.

2. The cowle should be granted in the form annexed to this order.

(By Order of His Excellency the Governor)

A.R.C. Westlake,
Secretary to Government.

To

The Board of Revenue, with enclosures returned.

(True copy)
Forwarded. /By Order/

Superintendent.

Annexure.

Form of Cowle.

Private tope cowle granted by ....., Esq., Collector of the South Kanara district to Sri A. Muddanna Shetty of ..... in ..... taluk under Board's Standing Order No. 19 and sanctioned in the Collector's Proceedings, No. ..... dated .....

Terms of the Cowle.

1. That the land hereunder detailed shall be free of assessment for ten years from the date of this cowle, if planted with fruit trees, viz., mango, sapota and cashew trees. The land will be fully assessed after the expiration of the period mentioned above.

2. That not less than one-fifth of the extent shall be planted in each year from the date of this grant, the plantation of the whole extent being completed within five years from the date thereof.

3. That the trees planted shall not be less than 30 mango trees or 50 cashew trees or 50 sapota trees to an acre and shall be at such distances from each other as will satisfy the Collector or other revenue officer deputed by him to inspect the land, that it has been obtained bona fide for the purpose of planting a tope, and not primarily for cultivation.

4. That the grantee shall re-plant those portions of the land on which the trees have withered or have fallen, so as to maintain the standard growth of not less than 30 mango trees or 50 cashew trees or 50 sapota trees to an acre.

5. That the grantee shall not be subject to assessmen on account of the cultivation of either dry or wet crops on the land during the currency of this cowle, except that water cess shall be charged when water is taken from a Government source for the irrigation either of the trees or of wet or dr crops.

6. If the Collector is satisfied that any portion o land being a compact block not less than 5 acres in extent and having access from without the land granted is not suitable for growing mango trees or cashew trees or sapota trees, the Collector may permit the grantee to relinquish such portion in writing and the grant in respect of such portion shall thereupon stand cancelled and the grantee shall not be entitled to any compensation for any trees which he may have planted or any improvements which he may have effected on the said portion.

7. That the grantee shall abide by the rules which are now in force, or which may hereafter be prescribed by the Board of Revenue in regard to private topes.

8. That the grantee shall not interfere in any way with the rain water channel in S. No. 58 of Asodu village.

9. That if any of the conditions detailed in paragraphs 2, 3, 4 and 7 are not fulfilled, or are violated, the grant shal be liable to be resumed. If the grant is resumed, the Collector will be free, at his discretion, either to re-enter and take possession of the land or any portion thereof from the grantee or to impose full assessment on the whole of the land or any portion thereof in the hands of the grantee from the date of the default.

10. That alienation of the land, without the sanction of Government, to a person other than a British subject or a subjec of an Indian State shall invalidate the grant.

11. That the existing and customary rights of Government and the public in roads and paths and rivers, streams and channels running through or bounding the land are reserved and are in no way affected by the grant and that the Government reserve to themselves the full rights to mines and quarries subjacent to the land and that they also reserve to themselves or to persons authorized by them the powers necessary for the proper working of the minerals such as the full and free liberty and right of ingress, egress and regress, etc., as detailed in Part II of the model form of mining lease in Appendix IX, Chapter VIII of the Madras Mining Manual subject to the payment or rendering of compensation to the surface owner for all damages that he may sustain by the exercise of such rights.

12. That in the event of the cancellation of the grant or in the event of resumption of the land under condition 9 the grantee shall not be entitled to compensation for any trees planted or for any improvements that he may have made to the land.

13. That the Government reserve to themselves the right to all sandalwood trees and their branches and roots which exist at the time of grant as well as those which may grow subsequently on the lands granted and the Government shall be at liberty to cut or dig out any such trees or their roots and branches and remove them from the land and dispose of them at their pleasure. The grantee shall not be entitled to cut or remove them or cause them to be cut or removed without the permission of the Collector.

14. That the grantee shall take all reasonable measures to the satisfaction of the Collector for the protection of the sandalwood trees from theft or damage and for the careful protection of the immature trees growing on the land.

15. That the grantee shall take steps to see that the marks made by the officers of the Government on the sandalwood trees are preserved and are not tampered with.

16. That in the event of the infringement of or failure to observe any of the conditions 13 to 15 both inclusive, the grantee shall pay to the Government such compensation as is determined by the Collector for any loss or damage caused by such infringement or failure on the part of the grantee. The Government shall also be at liberty to cancel the grant and re-enter on the land and the whole land shall thereupon vest absolutely in the Government. In that case, the grantee shall not be entitled to any compensation whatever.

Assignment. Land - (S. Kanara) - Coondapur Tk - Kalavara and. Other Uses - Muddanna Shetty A - Petn.

Petn from A. Muddanna Shetty d/ 6.12.40.

I think there has been a recent decision modifying the ban. But I doubt if it would help a man to farm cashews which bears only in 4th year - Also I suppose the extent available (no matter how much asked for) would stand in his way in a fertile area like this.

SECY. 14 DEC 1940

14/12

Please note for orders at once

14.12.40.

To As(CA)

The petn ~~requests~~ prays for the grant of 140 acres of land in the neighbourhood of Kalavara in Coondapur Tk to start a canning industry. It seems, the petn applied for the land but final orders have not been passed on account the ban on the assignment of land which measures 5 acres or more. The Govt have since passed orders that ~~non-valuable~~ lands not forming part of compact blocks of 100 acres or more of non-valuable lands & 50 acres or more of valuable lands ~~than 100 acres~~ may be assigned. ~~As the Collector~~ The D.F.O. ~~has not passed final orders on the petn, it~~ ~~may be transferred to him for disposal.~~

14/12 It is not clear whether the land applied

by the petitioners does or does not form for such compact blocks. The petition forwarded to the Collr for report.

14
16/12 ~~If the petitioners are~~
~~desirous of lands available,~~

If lands are available, the
~~Govt~~ case can be moved to relax
the rules as G. O. cited Para
A of para 4 of B. O. O. 19-113
might be available

B may be approved

Yes. This is also the practice & is well known in S. E. now

Jp 72-74 of B 68

S<

[illegible]

From what I remember about this locality, the land cannot be called valuable ~~even~~ in the technical sense, but as the area is compact & exceeds 100 acres, the sanction of Govt will have to be obtained.

A detailed report may be obtained from the Collr and he may be asked to submit proposals for ~~or to~~ assignment, for the sanction of Govt, if he sees no objection

Mr. Collins may be asked to
examine the case. See what
recommendation he wishes to make
These dry lands far from any place
can only be cultivated with Cashews
- pineapples can only grow as
an item of intensive marketing
pineapple is too diffi... to
Cashews need capital
Kalavar in Gandapam is anxious what
to do with uncultivated land exist

KN 28/7.

B. 2946. From the Collr of S. Kanara dt. 7.47

In 1934 and 1936, the Collr of S. Kanara granted an extent of 57.08 acres of land in Japthi Vge of Coondapoor Tk in favour of one A. Muddanna Shetty under B.S.G No. 19-f. While assigning the lands in 1934, the petr was promised that more lands would be given to him if he made an earnest effort at planting the extent already assigned. The petr then applied for more lands. The Collr (Mr. Gaunt) after inspecting the lands already granted ordered that there was no objection to the grant of additional ~~plots~~ lands. The Tahsr accordingly submtd proposal for the assignment of 137.33 acres in all in Kalavar, Korgi and Asadu Vges. This extent included 22.61 acres reserved for the members of the 'eligible' classes. The then Collr (Mr. Humayun) refused to assign the lands already reserved for the eligible classes and restricted the assignment to 114.62 acres. as detailed at p 2 f.c. however, final orders were not passed on account of the ban on assignment of land which measures 5 acres or more. p 8 c.f

In 1940, the petr approached the Bd for the grant of the lands available, to start a canning industry. The Bd asked the Collr to submit proposals for the grant of 114.62 acres under B.S.G No. 19-f. p 1-4 c.f p 9 c

The Collr reports that the lands p 15 c.f

applied for by the petr form portion of a compact block of over 100 acres in extent and that they have not been cultivated hitherto and were lying waste for over 10
He also reports that ~~the~~ the plots are Govt. land not falling within Kumasi limits & that the petr has consented to pay the ~~of the trees standing on the land,~~ seigniorage value ~~of Rs~~ estimated at Rs 159-10-1. He ~~has submitted proposals for the grant of the said land~~ ~~recommended the grant of 114~~ 114.62 acres of land on ~~Counle~~ for planting fruit trees ~~acres may be ordered to be assigned~~ in favour of the petr subject to the conditions laid down in the draft form of counle and subject to the reservation of a rain water channel 6 links wide in S.No. 58 & ~~Asuan~~ Vge.

p 12-21 CF

p 16 CF

Vide condition 9 at p. 19 C.F

According to the terms of the note, the Govt proposes to give the land on lease of assessment for 10 years. The whole extent has to be fully planted up within 5 years at the rate of 30 mango trees, 50 sapotas and 50 cashew trees each per acre. and If after 5 years the trees are growing well but not yielding fruits, ~~an addl condn has been inserted to the effect that~~ the question of extending the counle ~~for a further assessment~~ will be considered. It has also been laid down that if the land is not fully planted, the Govt would resume an

p 17 CF condns

Ex'd ✓ 2

portion of or the entire extent of the land granted on conditions condition 5 of the draft terms of the conditions is also an addition to the general conditions laid down in Appx XII to D.S.C. No. 19-1.

As the extent of the land exceeds 100 acres, the sanction of Govt is required. The Bd may recommend to Govt that the lands applied for may be granted to the petr under D.S.C. No. 19-1. ~~subject to the conditions proposed by the latter.~~ Accordingly

KV 28/7 The draft form of conditions submitted by the Govt is examined below w.r.t. the standard form:-

clause(1). The word "mentioned above" may be deleted & the words - "namely ~~described~~ mango, sapota & cashew" may be inserted in their place.

The following sentence may be added at the end of this clause:-

"The land will be fully assessed after the expiration of the period mentioned above".

clause(2). The word "in" may be inserted between the words "planted" & "each" & the words "from the date of this grant" may be inserted between the words "year" and "so" in the first sentence.

The second sentence is an addition proposed by the Govt. It may remain.

The third sentence may be deleted as it is proposed to insert it in a more appropriate place viz cl (1). Vide B also

The G.O is in reply to Bds Lr d. 11/8/41 pp 23-29 C

2. The following changes are made by Govt in the form of cowle.

i) The ~~concluding portion viz "In witness whereof ... presents and the last sentence~~ ~~is inserted~~ this ... " is a new insertion. | Now added for p37 C all grants

ii) The words 'the respective areas are' occurring in condition (1) of the Bd's draft ~~cowle submitted by Govt~~, have been omitted in the Govt's draft. p41 C p35 C

iii) conditions 2, 3 and 5 of the Bd's draft cowle have been recast and modified. Condns 2 & 3 in the Govt's draft corresponds to those in the standard form. p27 C p153 C

iv) The note under condition 2 of the Bd's draft cowle has been omitted as a consequence of the revised condns 2 & 3 p32 C p35 C

v) condition 5 of the cowle from approved by the Govt is a new insertion. It corresponds to Condn 5 in the standard form of cowle at p193 of PSK 68. p36 C

vi) for the word "cowledar", ~~granteeii~~ ~~has been substituted~~ draft "grantee" has been substituted. pp28-29 C & Condns 12 & 13 of the Bd's p32 C p33 C

vii) In the words 'Collr of the district', the words 'of the district' have been omitted.

viii) The words 'in the event of the cancellation of the grant or' occuring in condition 12 of the cowle approved, are newly inserted. p35 CF

The G.O may be communicated to the Bds and the pets may be referred to the Collr for orders on his pets to the Board.
